

I am outraged over the news I have heard about Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary.

I think that the content of this news needs to be reviewed and deemed correct and factual. All individuals must sign a statement that all the information they state are correct and this information must be corroborated. Furthermore if a station deems this program not suitable for the viewers of its area, they have a right to decide for themselves whether to air the show or not.

It is important that we see news that is non-biased, has truthful content and is substantive about issues that matter.

I believe this program does not statify any of my above mentioned concerns.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them.

Thank you.
